ENVIRONMENTAL POLICY

Abtech Safety Limited understands its accountability and responsibility under The Environmental Protection (Duty of Care) Regulations 1991.

As a business Abtech Safety Limited understands that it must comply with key environmental rules:

To store waste safely and securely, ensure that it is collected by an authorised agent (such as a local authority or licensed private waste contractor).

Ensure that no statutory nuisance which could affect someone's health or annoy neighbours (production of noise, smoke, fumes or accumulation of rubbish) is caused.

Ensure that any hazardous waste is correctly classified and is either disposed of or recovered at an appropriately authorised facility.

THE MANAGING DIRECTORS ENVIROMENTAL POLICY STATEMENT:

I recognise and accept Abtech Safety Limited policy on environmental matters and realise my accountability and responsibility. I will so far as reasonable and practicable ensure that Abtech Safety Limited fulfils its 'Duty of Care' in respect of its Environmental Policy.

A handwritten signature in black ink, appearing to read 'IAN JONES', written over a circular stamp or mark.
